Dear Friends,

*“Neither Hell or high water will stop this **Fandango!**”* was the quote made after the 4th of July flood. As many of you will remember, last years **Fandango** was a game time decision. There was a massive flood on July 4th weekend. Who could forget the sights of houses moving down stream or water raging over Canyon Lake Dam. With all of the adversity, it was the largest **Floating Frog Fandango** yet!

Everyone enjoyed the Rockin R bus ride through town. As usual, the day was hot on the Comal River. The beverages were cold and the camaraderie was terrific. After the trip, everyone enjoyed Marsh’s famous bbq. Later that evening, a handful of **Fandango** party goers closed down Gruene Hall and one was seen dancing on the tables! Big John was defiantly All-SWC that night.☺

Please note that we will be meeting at **Rockin R on Gruene Road**. This is where we usually get in the Guadalupe. They have built a nice party facility to accommodate functions like ours. Rockin R has been a great host over the last 11 years. They are a major contributor to the success of this event. Please check out their website for adventures worldwide www.rockinr.com

So, get ready to **Fandango!** There’s no better way to beat this Texas heat and relax with your friends. Pack your ice chest (no glass), put on some sunscreen, and get ready for a great day...New Braunfels style.

Sincerely,

Sully
